

BioMedica Nutraceuticals

The Practitioner Company

BioMedica is one of the few remaining practitioner companies founded and run by practitioners.

With one exclusive practitioner range and label, our practitioner focused philosophy has been in place since our inception, and we're proud to say it remains firmly in place to this day.

Strictly Practitioner Only

As a 'Strictly Practitioner Only' company, BioMedica is strongly dedicated to preserving and enhancing the role of the holistic practitioner.

Quality

We only use the highest quality and most biochemically active raw materials, nutrients and herbs. BioMedica products are manufactured according to the highest quality 'Good Manufacturing Practice' standards and independently tested.

Efficacy

We are dedicated to formulating the highest quality, most efficacious practitioner products available. Practitioner insights plus evidence-based science ensures superior product formulation and design.

Purity

All BioMedica Nutraceuticals products are formulated to contain NO to LOW excipients. All raw materials and final products exceed the most stringent quality control standards, undergoing in-depth testing, microbial analysis, validation and verification.

Daniel Baden ND
Director Innovation

Garth Harris BSc (BioMed)
Clinical Director

BioMedica is dedicated to preserving and enhancing the role of the holistic practitioner in everything we do.

As 'The Practitioner Company', we are committed to growing the standing of our profession and supporting our practitioners with an expanding range of technical support, educational resources and practice enhancing services so that you can focus on better supporting your patients. To take advantage of our exclusive BioMedica practitioner benefits, sign up for an account via www.biomedica.com.au

An expert team of practitioners to support you

Technical support team

The BioMedica technical team is staffed by fully qualified Practitioners. Our technical team take great pride in preparing highly researched technical and product information for our practitioners. We are here to support you Monday-Friday 8.30am–5.00pm. Call us on **1300 884 702** or email technicalsupport@biomedica.com.au

Highly skilled practitioner consultants

BioMedica's Practitioner Consultants are qualified practitioners who are dedicated to supporting you in clinical practice. Our team holds a deep understanding of BioMedica products and the ingredients with-in. Their knowledge of best clinical application comes from a technical understanding together with the shared experience of your colleagues. To connect with your local Practitioner Consultant, reach out via www.biomedica.com.au/practitioner-consultants

Profitable and seamless dispensary management

Convenience of patient ordering

Developed with busy practitioners in mind, BioMedica's online patient ordering service is a convenient prescribing option, delivering the product you prescribe directly to your patients. With a simple patient set up and prescribing process, and a profitable rebate structure where 100% of the difference between wholesale and your chosen sell price goes back to you, we offer you access to a range of formulations without the need for a full product dispensary.

Education designed to build your confidence and knowledge

Events developed to educate and inspire

BioMedica's events are delivered by a range of experienced presenters, drawing on their own clinical experience. **Seminars, webinars, and audio podcasts** ensure the busy practitioner is kept up to date with the latest scientific understanding whilst also providing practical clinical examples to facilitate immediate application of treatment strategies into your clinic.

A comprehensive and FREE technical resource library

BioMedica is committed to producing quality technical tools to assist you in your clinical practice. We offer a range of **technical sheets, education articles, research updates and clinical charts** containing highly relevant clinical information; with a focus on therapeutic outcomes. They include a comprehensive overview of clinical applications, mechanisms of action and a review of the currently available scientific research on these therapeutic ingredients. Our resources can be found on our website. Conveniently, we have grouped our resources by disease and ingredient, making it easy for you to find exactly what you need.

Online drug-interactions checker

BioMedica practitioners can prescribe in confidence with 24-hour access to an independently validated interactions checker, **IMgateway**. Visit www.biomedica.com.au and navigate to any product page to find any known interactions between the ingredients in a BioMedica product and a drug or drug class.

Clinic8 interactive solutions finder

A truly unique offering, BioMedica's Solution Finder is your best friend in clinical practice. Developed based on the clinical wisdom of BioMedica founders Garth Harris and Daniel Baden, this online tool allows practitioners to **explore the 6 most common underlying causes of chronic disease**, understand the pathophysiology of related presenting conditions and allows you to analyse which Clinic 8 products may be relevant to your case. Use this tool as a knowledge refresher or to help guide your treatment considerations for complex clinical cases.

Turn over to find out more about our **Clinic8** range of products 

BioMedica's Clinic 8... your practice essentials

When used in combination with adequate dosing, practitioner skill and experience, the nutritional and herbal formulations in BioMedica's Clinic 8 range will demonstrate that you don't need hundreds of different products to achieve positive clinical outcomes.

8 carefully considered essential products for any dispensary

Developed by BioMedica's directors Daniel Baden & Garth Harris

Formulations based on years of clinical experience

Effective prescribing, even with a small or first dispensary

Strictly Practitioner Only

Visit biomedica.com.au to find out more about the Clinic 8 range.
